Dear Sir:

This Response is filed in reply to the Office Action mailed 17 October 2002 (Paper No. 11). This response is filed within the one-month shortened statutory period. Applicants therefore believe that no fees are due with this response. In the event that any fees are due, please debit any underpayment to Deposit account No. 19-1970.

Please amend the above-identified patent application as follows:

Election/Restriction:

The Examiner has imposed a further restriction requirement under 35 U.S.C. § 121. Applicants previously elected the Examiner's Group 5, (Claim 5, drawn to compositions) and reaffirmed their election of compound 78 as a species for examination. Applicants respectfully requested that Claim 7 be joined with this chosen group as well. The Examiner now requires an election between invention 13 wherein "M" is a phosphorous atom and invention 14 wherein "M" is a sulfur atom.
